

Infant & Toddler Education

Growing Minds Montessori is proud to introduce our recently constructed infant-toddler program! Located in the heart of Dr. Philips, our individualized program is provided for children from 3 months to 3 years of age. This multi-age community offers a doorway to learning in a home-like setting that nurtures the spirit while supporting growth and independence. Families may choose from a full-day or half-day schedule from two to five days a week. We welcome children from 9:00 am to 3:00 pm and serve a community of children and families from diverse social and cultural backgrounds.

Our Montessori curriculum allows us to specialize in the following areas:

- **Practical Life**
- **Fine- Motor Control**
- **Sensorial Development**
- **Language Development**
- **Culture (Art/Music)**

Infants (3-18 Months) Materials and activities in the infant environment are carefully selected to help support and nurture the learning abilities of every child. Our staff is experienced in recognizing developmental milestones at this early age, and this allows us to provide a warm environment that promotes a balance of engaging stimulation and peaceful comfort.

Toddlers (18 Months – 3 Years) The toddler educational program is constructed in an individualized manner, as each child grows at their own pace. The exposure to specific activities gives them the encouragement to grow and excel in a beautiful manner. Our primary focus for this age group includes sensorimotor and language development, experiences in arts and sciences, as well as every day living skills.

As educators, we understand the important role that parents play in their children's lives. We value this role and encourage parents to be active participants in the program. Parents are involved in assisting their children in specifying their specific needs and in facilitating the educational experiences to encourage them.

A variety of scheduling options are available, ranging from half-day to full-day classes.

Half-day classes are from 9:00am-12:00pm, or 12:00pm-3:00pm.

Full-day classes are from 9:00am-3:00pm.

*Families also have the flexibility of choosing classes **two** or **three** times a week.

*Please note that space is limited, therefore specific days and/or timings may not be available

Mommy's Day Out

Aside from our infant-toddler program, we offer a Mommy's Day Out program where you are free to drop off your child for the day, or just a few hours to enjoy some much needed "Me-Time!"

*This program goes by an hourly rate (Three hours minimum required)

*Program available on Mondays only

*Completed paperwork, as well as health/immunization forms are required
