

## Theme of the month : Friendship!

February was a month of love, friendship, helping, sharing, and caring for each other. We practiced these virtues through role playing activities in the class room. Each day we had a friendship tip that we shared at circle time, we talked about the importance of it and placed it on our wall so it reminded our little friends to practice it throughout the day.

“The work of a child consists of creating the human being that (s)he has to become.

The adult works to improve the environment, while the child works to improve himself”.

Dr. Maria Montessori

We also learned love and friendship songs. The art activities were all theme related. Our art activities consisted of paintings, sponge and string paintings, along with worksheets, push pins, crafts and cuttings. These all were reminders of the importance of friendship.

In addition to Friendship we also discussed the important role of our President. We talked about 2 very influential former Presidents, George Washington and Abraham Lincoln, and the things they accomplished that brought us this far.
